Re: Case Number [REDACTED] – Opposition to Name Change Petition of Christian Walden

Dear Judge Jacobs,

My name is [REDACTED] and I am writing to respectfully request that the Court deny the petition for a name change submitted by Christian Walden.

Since 2022, my husband and I, along with numerous others, have been victims of Mr. Walden's purported "investment firm." Under this guise, he has claimed to act as an investor offering returns of 2-3% profits daily, a promise that has led to significant financial loss for myself and others. His activities have raised concern across multiple jurisdictions, resulting in a federal investigation into his practices, which appear to be targeting individuals nationwide. Additionally, Mr. Walden remains on probation.

I am deeply concerned that a name change will allow Mr. Walden to avoid the accountability associated with his previous conduct, potentially granting him a "fresh start" that could enable him to continue defrauding unsuspecting individuals. By altering his name, Mr. Walden may more easily gain the trust of others and resume his harmful activities under a new identity, perpetuating further financial harm to the public.

For these reasons, I respectfully ask the Court to consider the risks associated with allowing this name change petition while a federal investigation is ongoing and while Mr. Walden remains on probation.

Thank you for your time and consideration in this matter.

Respectfully,
